PRESIDENT'S MESSAGE

BOTH SIDES OF CUBAN CONTROVERSY CLAIM TO BE BENEFITED.

SITUATION IS UNCHANGED

Advocates of Reciprocity Claim It Will Bring Some of the Beet Sugar Republicans Into Line and the Latter Claim That It Has Caused Them No Loss Whatever—Caucus Will Probably Be Held Soon.

Washington, June 14.—The president's reciprocity message has given senators a live topic of conversation, but so far as is yet apparent there is no change in the situation. There was a disposition on the part of the leaders on both sides of the controversy to claim, when speaking publicly, some advantage from the message. The straight reciprocity men urged that the effect would be to cause at least some of the beet sugar Republicans to abandon their opposition. They contend that many of them had misunderstood the attitude of the president, and now that this has been made clear there could be no longer excuse for opposing straight reciprocity measures. The message, they argued, would clear the atmosphere, render the president's attitude unmistakable and therefore bring opponents within the party face to face with the fact that in continuing their opposition they are antagonizing the official head of the party. "We have known all the time where the president stood on this subject and have told the Republican opponents of reciprocity just what the facts are," said a leading reciprocity senator. "They refused to accept our assurance and professed to have expressions from the president to the contrary. The message confirms all that we have said to them. It clears the atmosphere and necessarily the result must be beneficial for a reciprocity bill."

The beet sugar leaders declared at the close of the day that the message had caused no loss whatever to them and that all those senators who had stood with them heretofore are still with them. They also asserted that the president's interposition in the matter had had the effect of causing some senators to decide who heretofore had not taken a positive stand against reduction because of the feeling that the president should leave congress to deal with the subject in its present stage. Senator Deltrich was among the most outspoken of the beet sugar men and he made an unsuccessful effort to secure the attention of the chair after the reading of the message. Those who are in his confidence say that it was his purpose to move for the discharge of the committee from the further consideration of the house bill in order to permit the immediate consideration of that measure.

There is still more or less canvassing of the wisdom of holding a Republican caucus and it is probable that ultimately one will be held, but no date is now mentioned.

CUBA'S NEED IS URGENT.

President Roosevelt's Special Message to Congress.

Washington, June 14.—The president has sent a message to congress in regard to Cuban reciprocity plainly stating his position in the matter and advocating the plan for a reduction of duty on Cuban imports into this country.

After calling the attention of congress to the recommendation for a substantial reduction of the tariff on Cuban imports made in his message last December, the president quotes an appeal from President Palma to the United States minister to Cuba, asking for legislative relief before it is too late and the country financially ruined.

The president maintains that the reasons for granting reciprocity to Cuba far outweigh those of granting it to any other nation. The United States expects Cuba to treat her on an exceptional footing and should, therefore, be willing to do as much for the infant republic. It is also to our advantage as a nation that the Cuban market should be controlled by American producers. Besides this, we, as a nation, are obligated to complete the work we have carried so near to completion.

The president asserts that the granting of reciprocity stands alone, and the question as to which of the different schedules of the tariff ought most properly to be revised does not enter into the matter in any way or shape. The president opposes the rebate plan and stands squarely for a reduction of the duty on all imports coming from Cuba. In answer to the argument that the substantial benefit will not go to the producer he says provisions can and should be made to guard against that possibility.

DEFENDS HIS ACTION.

General Wood Talks Regarding Expenditure of Cuban Funds.

Boston, June 14.—During his visit to this city General Leonard Wood, former governor general of Cuba, expressed himself in no uncertain terms regarding the alleged irregularity in the expenditure of Cuban government funds in the interest of reciprocity. He declared that, acting as trustee for the island, he had spent the money to good purposes and had simply done what any good administrator would do in like circumstances.

Commenting on President Roosevelt's special message to congress on reciprocity with Cuba, General Wood spoke of it with the highest terms. Of the situation in Cuba General Wood said:

"There is nothing in connection with my administration of Cuban affairs that I wish to cover up. Talk of investigation is welcome to me. Every expenditure that was made was free and above board."

"So far as I can see there was nothing new brought out by the testimony of Mr. Thurber. It perhaps accentuated a little the needs of Cuba as regards reciprocity with this country."

"I was acting as a trustee for Cuba. I simply used Mr. Thurber's mailing list as the best means of distributing the literature on reciprocity, and this was well known before the examination of Mr. Thurber by the senate subcommittee. In my opinion the opposition to tariff reciprocity with Cuba has proceeded upon lines of misapprehension. I took it upon myself to place the facts before the people of the United States as I saw them. There seemed to be no one else to undertake the task. What I did I considered best for the industrial salvation of the island. The reason that I took up with Mr. Thurber was that he represented 80,000 thinking people in this country. I dealt with him simply as a bureau of information and through him I distributed the information I wanted to place before the American people. My position was identical with that of the trustee of an estate who finds it incumbent upon himself to refute unjust claims upon the estate upon which he is called to administer. Any man would be false to his trust who did not do all in his power to contest such claims, and that is all I did."

RODE IN COLORED SECTION.

Daughter of General R. E. Lee Placed Under Arrest.

Alexandria, Va., June 14.—Miss Mary Custis Lee, daughter of General Robert E. Lee, was arrested here charged with violating the law affecting the Washington, Alexandria and Mount Vernon Electric railway, which provides for the separation of white and colored passengers. Miss Lee was arrested on complaint of Conductor Thomas Chauncey and was escorted to police headquarters, where, after telling her story, she was released on her personal bond for appearance in court should the railroad company decide to prosecute the case.

Miss Lee boarded the car at Washington, D. C., and, without realizing it, had taken a seat in the portion reserved for colored people. She was comfortably seated, and, being encumbered with several bundles, declined to move to the forward part of the car, although the conductor explained the law on the subject to her and frequently requested her to move. At Washington street, in this city, she started to leave the car, when she was informed by officers who had boarded the car that she was in custody. At the police station she told her story calmly, but after reaching the home of friends she broke down completely and appeared to be greatly affected by the unfortunate affair.

Rehearsing for the Coronation.

London, June 14.—There was an interesting little function at Westminster Abbey during the afternoon when the sons or grandsons of high state officers rehearsed the duties they will have to perform at the coronation, June 26, in the capacity of pages. Lord Salisbury, the premier, drove up with his grandson on his knee. Little tots and bigger boys, present and prospective bearers of historic titles, arrived in charge of relatives and were shown how to bear coronets and carry trains, and otherwise deport themselves in their individual parts of the ceremony.

Jockey's Skull Crushed.

St. Louis, June 14.—Jockey Donegan was killed in the first race of the day at the fair grounds, his skull being crushed in a collision between his mount and another horse. The horses Pettijohn and Balzac collided, throwing their jockeys, Donegan and B. Matthews. Pettijohn's hoof struck Donegan's skull, crushing it. The jockey died soon after being taken from the track. Matthews was badly hurt.

Quesada Calls on Hay.

Washington, June 14.—Senor Gonzales de Quesada, the newly arrived Cuban minister to Washington, called at the state department and paid his respects to Secretary Hay. No arrangement has yet been made for the presentation of the new minister, but he was informed that as soon as the president's convenience served he would be notified and presented by Secretary Hay at the White House.

Three Deaths From Drowning.

Racine, Wis., June 14.—Three deaths from drowning are reported in Racine county. Leo Smollen, the four-year-old son of a mail carrier, was drowned in a cistern; the three-year-old son of John Welmer was drowned in a watering trough, and John Buckenberger lost his life on Tichigan lake by the capsizing of a boat.

IRRIGATION WINS OUT

HOUSE PASSES THE MEASURE WITH NEARLY A HUNDRED VOTES TO SPARE.

GREETED WITH APPLAUSE

Bill Is Intended to Redeem the Arid Lands in Sixteen Western States and Territories—Creates a Fund for the Purpose by the Sale of Public Lands in the Locality Benefitted—A Limit Placed on Individual Holdings.

Washington, June 14.—The house passed the irrigation bill by a vote of 146 to 55. Many amendments were offered, but only one, except those offered by the committee, was adopted. It was of a minor character. The bill already has passed the senate. The friends of the measure greeted the announcement of its passage with a round of applause.

The bill as passed creates a reclamation fund from the sale of public lands in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming, less the amount paid to local land offices and 5 per cent due the state under existing laws for educational purposes, the reclamation fund to be used for the construction and maintenance of irrigation works in the states and territories enumerated. Provision is made for the payment out of the treasury of any deficiencies in the allowance to agricultural colleges owing to this disposition of public lands. The secretary of the interior is authorized to examine, survey and construct the irrigation works and report the cost thereof to congress at each session.

Section 4 provides for the letting of contracts for the works contemplated in sections when the necessary funds are available in the reclamation fund for such section.

Section 5 provides that "No right to the use of water for land in private ownership shall be sold for a tract exceeding 160 acres to any one land owner, and no such right shall permanently attach until all payments therefor are made, and no such sale shall be made to any land owner unless he be an actual bona fide resident on such land, or occupant thereof, residing in the neighborhood of said land."

Section 6 authorizes the secretary to use the reclamation fund for the operation and maintenance of the irrigation works.

Section 8 requires state control over waters of non-navigable streams, such as are used in irrigation.

SITUATION IS ALARMING.

Report on the Epidemic of Cholera in the Philippines.

Washington, June 14.—A rather alarming situation with regard to the epidemic of cholera in the Philippines is set out in a report received by Surgeon General Forwood from Lieutenant Colonel Heizeman, at present in charge of the medical department of the islands in the army. The appearance of the disease at Manila in March is attributed in some quarters to vegetables coming into the islands from infected Chinese ports, and in others to the drinking of Pasig river water, foul with the sewage of the city. Lieutenant Colonel Heizeman says that the number of different points attacked by the epidemic and the consequent infection of many streams which are universally used for drinking and bathing, and into which all foul material and garbage find their way, makes

probable a large number of deaths before the rains, which ended the two great epidemics in the 80's, occur. The army, he says, is much better protected than the native population, or than civilian Americans in the islands, because of the care which is exercised in supplying good food and water.

CROZIER'S NOMINATION.

Senate Spends Entire Day in its Consideration.

Washington, June 14.—With the exception of a few minutes devoted to the reading of the president's message and the time necessary to confirm two nominations at the beginning of the session, the senate spent the entire day in considering the nomination of Captain William Crozier to be chief of the bureau of ordinance. The principal speeches of the day were made by Senators Cockrell and Proctor, the former favoring the confirmation and the latter opposing that course. Senator Foraker made a brief address favoring confirmation. The session adjourned without the senate reaching a conclusion on the question and no day was fixed for continuing consideration owing to pressure of other matters. Captain Crozier's confirmation is generally conceded by his opponents.

Lemly May Be Retired.

Washington, June 14.—It is not probable that when Captain Lemly, the present judge advocate general of the navy, comes before the promotion board in the regular course to pass his examination as a commander, he will be found in such physical condition that he may be obliged to retire. He has been in impaired health for some time past and has suffered domestic afflictions which have added to his physical troubles, predisposing him to retirement at an early date.

Will Consider Miss Taylor's Dismissal.

Washington, June 14.—The house committee on civil service reform on Monday will consider the resolution calling on the secretary of war for information concerning the recent dismissal of Rebecca J. Taylor. Chairman Gillett has secured from the war department all the correspondence in the case, but this will not be made public until the committee acts. Most of its essential features have been published heretofore.

Will Send Chinamen Back.

Havana, June 14.—The board of immigration has decided that the forty-three Chinese laborers who came to Havana on board the Ward line steamer Monterey from New York and reached here last Wednesday, would have to be returned to New York by the steamship company. An immigration law, similar to the one in force in the United States, went into force in Cuba last May, and the Chinamen in question came direct from China and were shipped in bond from Vancouver through New York to Havana.

Refers Amendment to the House.

Washington, June 14.—The house naval committee has determined to refer the senate amendment to the naval appropriation bill providing for five submarine torpedo boats to the judgment of the house and a separate vote will be asked on that item. The house provision for building one of each class of the new ships in government yards will be insisted on.

Offer a Big Reward.

Salem, Ore., June 14.—Governor Geer and Superintendent Lee of the penitentiary have offered a reward of \$3,000 for the capture and return, dead or alive, of Tracey and Merrill, the escaped convicts. This is double the amount offered heretofore.

Wanamaker Plans a Big Store.

Chicago, June 14.—John Wanamaker of Philadelphia is negotiating for the entire block on which the Palmer House stands. He plans to erect the largest department store in the world. The deal involves \$10,000,000. D. M. Clark & Co., carry a nice line of sectional Book Cases.

If the trend of public sentiment amounts to anything this county will send an instructed delegation for S. R. Van Sant to the republican state convention.

J. ADAM BEDE has already named the man who will be the chairman of his congressional committee. Adam does not believe in the old adage, "Do not count your chickens," etc.

THE Alexandria Post-News makes the following suggestion for the republican platform at the coming state convention:

We believe the state convention on July 1, should declare squarely for an income tax; for a gross earnings tax on all mortgages, and for local option in tax matters as soon as the special taxes as these, with the foreign corporations, the inheritance and railway gross earnings taxes, are sufficient to meet the needs of the state. With such a plank in the platform, the party can go before the people without fear of the verdict.

UNDER the guise of friendship for Gov. Van Sant, it is said that efforts will be made all over the state to elect uninstructed delegates to the state convention, says the Wadena Pioneer-Journal. But these smooth manipulators will not be able to gain their point. In every county in the state are men who are friendly to the large corporate interests who want to down Van Sant. They are pretty well known, and it will be wise to turn a deaf ear to anything they advocate. Some of them profess friendship for Van Sant, but they are doing it simply for the purpose of gaining their point in order that they may betray the best interests of the people again. The safest thing to do is to elect men to county conventions who have been loyal to Van Sant all along, and then send instructed delegates to St. Paul.

A FRIEND'S ADVICE
Will Often Help You Greatly. Read What a Brainerd Citizen Says.
You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Brainerd is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mrs. N. G. Blake, of West Brainerd says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, was lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed, and the soreness and pain were replaced by a perfectly comfortable feeling." Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

A FORCED SALE.

Frith's Purchase of His Own Portrait Painted by Himself.

Here is the astonishing history of one of Frith's own portraits painted by himself. The celebrated R. A. had entirely forgotten its existence until a friend entered his studio one morning and asserted that a capital picture of himself was on view in a small shop in Great Portland street. "It's not a bit like what you are now," observed the friend, "but it may have resembled you some years ago. Go and look at it."

Mr. Frith went and found his own image after an estrangement of forty-five years. He determined to buy it, though he had not the faintest recollection of having painted it. "Ah, a portrait!" said Frith to the woman in charge of the shop after he had pretended to examine several other works. "Whose likeness is that?" "That," said the lady, "is a portrait of the celebrated artist, Frith, painted by himself." "Why, he must be an elderly man," put in the artist. The woman remarked that he was young once. "Humph!" quoth the genial W. P. F. "Not much of a picture."

To this the woman demurred and asked £20 for the canvas. It was Frith's turn to appear surprised. "Well," replied the shopkeeper without moving a muscle, "it cost us nearly as much. We shall make a very small profit. You see, it is very valuable because the artist is deceased!" "Deceased!" exclaimed the astonished painter. "Dead, do you mean?" "Yes, sir; died of drink. My husband attended the funeral."

Frith bought the picture, but did not revive for some time.—Chambers' Journal.

AN EQUAL FOUND IN THE OFFICER

Individual Who Thought He Could
Run Things--Against the
Real Thing.

HE WENT AFTER AN OFFICER.

Mr. Hurley Battered the Man's
Face Up in Such a Manner
it is Unrecognizable.

When a member of that class of men, who think they can run things to their own liking, strike Brainerd, they usually run up against something that they do not always expect. This was the result of the fracas which occurred in the tenderloin district last night.

A stranger who gave his name in police court as Dill Guyette, but who on another occasion in the city gave his name as Crawford, brought a girl to the city who gave her name as Dorris Tylor. He was informed after he had taken her to a house of ill fame that he or she would have to report before his honor. Officer Hurley heard mutterings that the man defied them to bring his "lover" before the court and he went down to see about things.

He politely invited the man out to tell him about it, and when he told Guyette that if he and the girl tried to leave town, both would be arrested, his weary ribs pulled a slingshot and made a pass at the officer. Officer Hurley ducked and at the same time pulled his club and let go at the individual of low degree. The club landed on the flat of the man's nose and he was a pretty well done up man by the time the officer got through with him.

In court this afternoon he stood up to the charge of assault in the second degree. He would not waive examination and the hearing was continued for one week, bond being fixed at \$500. He of course could not furnish bail and was taken to the county jail.

Base ball goods for the boys at H. P. Dunn & Co.

Large line of 2nd hand Household goods to be sold for storage at D. M. Clark & Co's.

ON THE DIAMOND.

Duluth base ball team will be in Brainerd tomorrow to play a game with the locals at Brainerd Athletic Park and it is expected that there will be a good turnout. The Duluth team is a very good one and young Cummings, the pitcher, is said to be very fierce in the box. Brainerd will have a strong lineup and the game will be an interesting one. Orth will probably be in the box for Brainerd tomorrow.

William Spellacy, the fast infielder, who has been playing with Winnipeg this season, arrived in the city yesterday and will play with Brainerd the balance of the season.

Chas. Bemis, of Montevideo, without question one of the fastest amateur pitchers in the state has been signed by the Brainerd management and will arrive in the city about Thursday of next week.

The following is taken from a western paper relating to a game in which Ed. Dessen, who played with Brainerd last year participated, which would indicate that Ed. has his batting clothes on:

"Havre lost a well played game of base ball here this afternoon to the Boston & Montana team of Great Falls by a score of 7 to 2. A crowd of about 400 people saw the game. The features of the game were a fast one-handed stop by Nalbach of a not grounder, resulting in a put-out. Grimes' long run from center to back of first to take in a high fly for the final put-out, a home run hit by Dessen and a three bagger by Holtling."

Drink one of our soda phosphates and you will give it a liberal encore. H. P. Dunn & Co.

J. H. VANUNGER IS HELD.

Had a Hearing Before Judge Blewitt Yesterday Afternoon and was Bound Over to the Grand Jury.

J. H. Van Unger, charged with embezzlement by the American Wringer Co., had a hearing before Judge Blewitt yesterday afternoon and was held to the grand jury, bail being fixed at the sum of \$400.

Van Unger was not bound over, however, on the charge of embezzlement. He was arrested on this charge but this case was dismissed just before the hearing yesterday and he was rearrested on the charge of grand larceny in the second degree. E. J. Angell, manager of the company, was on the stand and told in detail of the transactions between the company and the defendant. He testified as to the sales, slips being made out and sent to the head office and of the goods being shipped and how afterwards he came out and of the twenty-seven slips not one of the persons whose names appeared on the slips could be found. At the conclusion of Angell's testimony Crowell moved to dismiss, but this motion was denied and the case on both sides was closed up. The court held the defendant to the grand jury and in default of bail he was taken back to the county jail.

EMPLOYEES EXCURSION.

Employees of the Northern Pacific will
Enjoy One This Year to Detroit
City June 21.

A week from today will be a gala event for the employees of the Northern Pacific Company in this city. They have been given the cars this year by the company for an excursion which will be run to Detroit City. A committee of the employees left last night for Detroit to make arrangements for the event and they expect a big day. Last year there was a picnic in this city on the event of their annual picnic day, it being impossible for them to secure cars.

No Old Building & Loan Plan About it

I frequently hear that some people hesitate to accept my offer of easy terms on homes fearing that it is the old exploded, unsafe and uncertain Building & Loan plan and some who ought to know better, and would if they took the trouble to examine, assert the same thing. My plan is no more like the old plan, than day is like night, or than a lumber jack is like the Angel Gabriel, or Hell Gate is like the Pool of Siloam, or a frog is like a jack rabbit, or a turkey buzzard is like the American Eagle. I have sixty-five customers in Brainerd, some of the best business men in the city who have borrowed money and bought homes, running from \$300 to \$2,000 who understand their business. All contracts are definite and certain. You can take small payments, running from two to 12 years, or pay any time after two years, in full or in part, as you can afford. All payments on the principal cease to draw interest. No terms so favorable were ever offered to those who want to own a home and stop the constant drain and loss of their rent money. Particulars on request. Office open day and evenings. Mail inquiries answered.

P. R. NETTLETON,
Palace Hotel.

The day will be augmented by a program of excellent sports, including a base ball game to be played between two strong teams.

ALEXANDER MCINTOSH DEAD.

Brought to this City from Salt Lake he
did not Survive Long--Funeral
Monday.

Alexander McIntosh died this morning at 4:30 o'clock at St. Joseph's hospital after an illness of several months. He is a son of Mrs. Annie McIntosh of this city and besides the mother there are four brothers and one sister to mourn the loss. The brothers are Dan F., Hugh, A. N., and William McIntosh, the last three named living at Ferris this state. Miss Kate McIntosh who makes her home in this city, is a sister.

Deceased had made Salt Lake his home for twenty years up to a few days ago when he was brought here by his brother, Dan. He was in the sheep business in Utah and had amassed quite a fortune. He was unmarried and was forty-one years of age.

The funeral services will be held at 2 o'clock on Monday afternoon.

ON TOUR OF INSPECTION.

Western Union Telegraph Company Officials
Pass Through the City This Afternoon in a Private Car.

A party of officers of the Western Union Telegraph Company were in the city for a short time between trains this afternoon. They are making a tour of inspection. The following officers were in the party: General Superintendent T. P. Cook, of Chicago; District Superintendent, E. F. Young, of Minneapolis; General Superintendent D. R. Davies, of Chicago; Inspectors J. E. Riley, of Minneapolis and J. B. Lee, of Chicago, and Chief Electrician L. McKislick, of Chicago.

GRIM DEATH CLAIMS

MRS. H. EDWARDS

One of Brainerd's Most Estimable
Women Died this Afternoon
of Nervous Prostration.

LIVED HERE TWENTY YEARS.

Was Prominent in Musical and
Church Circles and had Wide
Acquaintance in City.

Mrs. Mary J. Edwards, wife of Harry Edwards, died this afternoon at 12:35 o'clock after an illness not lasting over a week or ten days.

Deceased is one of the best known ladies in the city, having lived here for twenty years or more. She was 47 years of age, and besides her husband who is left to mourn her loss, there are four daughters, Mrs. Arthur Wheatly, Mrs. Spear, and the Misses Emma and Lillian Edwards.

She was a faithful member of St. Paul's Episcopal church in this city and for years had charge of the choir in the church. She herself was musically inclined to a degree that won her unstinted praise. As a soprano soloist she had few equals in the city, and she at one time was in great demand in this line.

Some ten days ago she was taken sick with nervous prostration and she lingered for several days at death's threshold. At the time of her death she was surrounded by her husband, Mr. and Mrs. Wheatley, Mr. and Mrs. Spear, Mrs. Arundel, a sister, and her two daughters. Her brother, Roland Arundel, of Staples, will arrive in the city tonight and another brother, Ralph Arundel, will arrive from the Black Hills Monday.

The funeral services will probably be held Tuesday afternoon from the Episcopal church.

Furnished rooms to rent, with or without board. Pleasant, centrally located, 324 Broadway.

COMPANY F IN CAMP.

Lake City, June 13--All day today has been devoted to company drills. At the usual hour of battalion drills all companies assembled on the parade grounds. Five companies were allowed to stand at rest while the three leading companies, C, F and B, were inspected. This afternoon Company F went through extended orders in the field.

Company F is now in the second battalion and is color company of the regiment. Inspecting Officer, Capt. W. W. Price, arrived in camp this afternoon, and the boys are devoting all their time getting their equipment in condition for inspection tomorrow. Private Sundberg is on the sick list today with sore feet on account of too much drilling. Private Adair has bought a full blooded registered kid, which is the most attractive mascot of the regiment.

Musician Theriault, of Company F, is making a good record as a bugler, and is considered the best musician next to Chief Bugler Crowe in the regiment.

Sargent Peterson today announced himself a candidate for the position of second lieutenant. This makes three in the race, Sargents Delamere and Peterson and Private Guthrie.

MUSIC AND DRAMA.

RICHARDS & PRINGLE'S MINSTRELS.
Richards & Pringle's mammoth minstrel aggregation that appears at the Brainerd Opera House Wednesday, June 18, is vastly different from any similar style of attraction that will be seen here this season. It numbers fifty of the best entertainers in colored minstrelsy, each one of them popular in their respective lines, all refreshingly original

with new specialties this season.

"It is a laughing performance" from the start to the finish and is filled with bright merry ideas new to minstrelsy and of a high class order. This big attraction is meeting with unbounded success everywhere, and as this will be its only visit here this season, lovers of good, solid enjoyment cannot afford to miss it.

The street parade, its big out-door attraction, takes place at 2:30 p. m. on the day of the company's arrival in this city.

RETURN OF THE PASSION PLAY.

Will be presented at St. Francis church Sunday evening, June 15th, at 8 o'clock p. m. the moving picture of the Passion play conducted by Prof. Kilrain at St. Francis church some time ago was so thoroughly appreciated that there has been a general request to have it repeated next Sunday evening. The presentation is beautiful and realistic to an unexpected degree. Prof. Kilrain, the lecturer, has an unusually rich and sympathetic voice and is considered one of the country's greatest singers. No one should miss this last opportunity of hearing this great lecturer and singer. Admission 25 cents.

PALOMA CONCERT.

The coming of Paloma, the wonderful child pianist, will be one of the treats of the season. The date for this is Friday evening June 20. Of this child wonder the News-Advertiser of Vancouver, B. C. has the following to say:

There is little doubt that Paloma will, as the great Melba once foretold be a name to conjure up dreams of angel-whispered music of sweetness unutterable. Paloma will stand for all that is best and purest in the greatest and most soul inspiring of arts, associated as it will be with a child, alike in years and nature, innocent of all that makes life sad, but withal possessing in her inner self a seeming prophetic knowledge of the sorrows that make up the burden of man's pathway, and a sympathy for that sorrow, Heaven-inspired, and voiced in every thrilling chord and lingering harmony that answers to her baby touch on the ivory keys. Verily are these the ivory gate to the land of dreams for the little maid, dreams of love and hope and faith, unmarred by the grand but gloomy discolored of passion or hate, that only comes with the further knowledge of life and its thorny ways."

THE BEALL-BEAR STOCK COMPANY.

The Beall-Bear Stock Dramatic company, which opens at the Brainerd Opera House Monday evening, June 23, for a weeks engagement, is said to be one of the most capable dramatic company that has ever appeared in the west for less than dollar prices. This claim would seem to be substantiated by a glance at the personnel of the organization, which is as follows:

Mr. Will W. Crimans, the eminent leading man from the Castle Square Stock Company, Boston.

Miss Lillian Hale Emery, leading lady for the late Charles Coghlan, in "The Royal Box," and last season featured with "Two Little Vagrants."

Miss Minnie Seward, soubrette, late with the Jefferson Stock Company.

Miss Gertrude Hilliker, formerly with the Joseph Murphy company.

Miss Maud Esbonde, late of the "Denver Express" company.

Miss Stella Russell, of "Held by the Enemy" company.

The little Levey Sisters, in songs and dances.

Mr. Arthur B. Lynds, stage director, formerly with Mr. Louis James in classic plays.

Mr. Bertram Miller, from the Princess theatre, London, England.

Mr. Thomas E. Depew, this season comedian with "The Fast Mail."

Mr. Harry Rodgers, for several seasons starring in "Ingomar."

Mr. Will Santachi, from the Wolford-Sheridan Stock Co.

Mr. Chas. E. Ward, of the Keystone Dramatic company.

Mr. Horace B. Pierce, late of the Grace Hayward Co.

Mr. Fred Seward, past two season leading man and manager for Mr. Dick Ferris.

With such a list we can have no hesitancy in promising better dramatic performances of a higher grade than any ever given in this city at popular prices. The opening play will be "Credit Lorraine," the piece in which Lillian Lewis made the success of her career.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results.
